OCTOBER GALE WINDS ROCK THE HARBOR

Through the entire night of the 21st the wind ripped the brilliant leaves from the trees and then it ripped off some branches as well. Saturday morning the wild night's havoc was particularly evident at Mattapoisett Wharf and surrounding shore. On our cover is the boat named FORTUNATE WIND out of Boston which beached at Gibbons' Beach, very fortunately avoiding the breakwater to come in on the softer sand. Just down the same area, on Hiller's Beach, SERENDIPITY and CHARISMA both lay on the same tack as if racing on the sand and almost touching and both missed the nearby rocks that forms the breakwater there.

At the wharf, the traffic was heavy through the morning as sightseers and boat owners arrived to assess the damage and to pull small craft out of the water. Lots of dragging had occurred under the blow and some lines had parted. The wharf was plenty wet and fresh seaweed testified to the heavy pounding of the dark hours. DCJ Photos

It must have been an interesting awakening for the Evans family beside the Town Beach as they looked out the front of the house at a good sized boat running them down head on. The breakwater stopped the collision and this is the scene taken from the beach.

Tax Rate- 21% Increase

The town valuation both in personal and real estate, according to Assessor John Gibbons, for 1989 is $542,923,093.00 which represents an increase of $7,703,124.00 over fiscal 1988's $535,219,969.00.

The breakdown in the budget shows that $5.65 per thousand is for the support of schools and $4.25 per thousand for general government of that total rate of $9.90 per thousand, a 21% increase over fiscal 1988.

Concerns with Conduct

MATTAPOISETT SELECTMEN'S MEETING
OCTOBER 18, 1988-by VIRGINIA MORGAN

Wire Inspector Russell I. Peirce, who met last Tuesday with Selectmen, responded to complaints received from local businessmen as well as private residents on the manner in which he has responded to requests for inspections and the length of time he has taken to do an inspection.

Taking one complaint at a time, Selectmen Chairman William F. Hubbard said to Mr. Peirce that complaints received in the office accuse him of being boisterous with people and not responding to inspections for as long as three days. Chairman Hubbard said, "You've got to be polite to people, and three days is too long to make business people wait."

Mr. Peirce responded saying, "In 5½ years I've been going out of my way for people. But, I've told them a thousand times not to make appointments too far ahead of time for an inspection."

The first complaint concerned the wharf. Mr. Peirce said, "Last winter wires burned off five to six feet underground at the end of Long Wharf. This day a man was there on town property with a jack hammer, and he had no idea what he was doing as to the location of wire. I told him he shouldn't do it without permission from the harbormaster, Steve Mach."

Chairman Hubbard said, "I understand you ripped out wires". Mr. Peirce said, "I was upset and pulled out one wire. The harbormaster wanted a price to repair and I gave him an estimate. Then he needed three estimates. I had plans drawn up, but I didn't want the job. At another time on the wharf, there was stupidity when someone dug up wires with a bulldozer without a plan of the wiring and dug up $800. worth of wire."

The second complaint was from Thomas Brownell regarding an inspection request at a house in July 1988. Mr. Brownell complained that the inspector did not respond for three days, thus keeping construction on hold. Mr. Peirce responded saying, "Under state law I have 72 hours to respond to a permit. I went on the second day and the wiring was incomplete and not ready for inspection. There were no rude remarks. I just advised Mr. Brownell to get an electrician to wire the place properly." Chairman Hubbard noted this isn't how the incident was explained to the Selectmen - "We heard you were rude."

The third complaint was from Chase Canopy Company who had asked for a final inspection

In other business, Selectmen:

RECEIVED A REQUEST from Highway Surveyor Wesley N. Bowman for a meeting to discuss the need to replace the department's obsolete loader.

Selectmen agreed to meet with the Highway Surveyor and Mr. James Nunes, the loader operator, on November 1st at which time they will provide Selectmen with facts and information pertaining to the loader.

A summary on the condition of the loader, prepared by Mr. Nunes, included: It is not economical to run this loader because of extensive breakdowns. The loader was made by a manufacturer in 1965, and was produced only one year after that. The loader was made up of many component parts which are no longer available. Some problems are major and some are minor. Some problems can not be corrected because parts are no longer made. The brakes are bad; pins and bushings on the loader arms are bad; the loader bucket cylinder is bad; anchor pins to adjust the brakes are frozen; front left inner wheel seals are going; the fuel tank system leaks very badly; and the fuel gauge is not working.

MET WITH Building Inspector Andrew J. Bobola and John Boza, owner of Big Turk's Fish Market, Route 6 to discuss the shed

built on his property without a building permit.

The Building Inspector explained a complaint came to him on the shed being built without a permit. After checking he determined that the shed is also in the flood plain zone and Mr. Boza will have to see that the shed is anchored in cement according to Flood Plain Zone regulations. Halloween Safety Tips

CHIEF MORAN AND SAFETY OFFICER ENNIS GIVE HALLOWEEN TIPS

Children in Mattapoisett will be trick or treating for Halloween, and Police Safety Officer Stan Ennis joins others in Massachusetts in reminding motorists to be on the alert.

Youngsters will be walking in the streets thinking about fun, not safety, said Safety Officer Ennis. "This puts an added burden on drivers who need to be especially careful when driving in residential areas."

Safety Officer Ennis has some advice for parents to help make this Halloween safe for their children.

ty. Make sure your children can see and be seen. If the children must be out at night, they should wear light-colored costumes, preferably outlined in reflective tape.

2. A flashlight will not only allow them to light their patch, it will serve as a warning to oncoming motorists.

3. Face masks can reduce peripheral vision. An alternative is makeup.

4. If a face mask is necessary, make sure the children know to take off the mask before crossing the street.

5. Make sure a parent, older brother or sister, or guardian goes with the children when they trick or treat.

6. Be sure the children travel in groups rather than alone.

7. Plan the trick or treat route ahead of time. Pick streets that are well lighted.

8. Cross the street at corners, never from between cars.

9. If there is no sidewalk, walk facing traffic.

10. Wait until getting home to sort, check and eat treats.

Teamwork between parents, drivers and children can help make a safe Halloween, remind Chief Moran and Safety Officer Ennis.

Mattapoisett Rescue Team

EXTENDS APPRECIATION

The Mattapoisett Rescue Team once again extends its sincere apprecation to the many generous people of our town. Both private individuals and business people alike sent their donations to The Rescue Team to make this one of our most successful drives ever.

Without generous citizens such as yourselves Rescue would not be able to provide the services nor outfit the truck which is so clearly needed. The men and women who volunteer their time, energy and expertise are thanked ten-fold when your donations arrive, as they have this year, to allow us to continue to serve you with the latest and most efficient life saving equipment.

Again, thank you on behalf of all the members of the Rescue Team, for once again reminding us that Mattapoisett is indeed Special.

AMBER

The World's First Gold

Amber:
an amorphous translucent or opaque fossilized natural resin from an extinct variety of pine tree submerged under the sea some 60,000,000 years ago.

It is light in weight, warm to the touch, very brittle, and electrified when rubbed.

Its color covers a wide range, usually from pale yellow and honey to reddish brown, red, and almost black, but some is whitish, some pieces show two colors and these have been cut as cameos. The best quality amber is clear. Amber is soft but tough.

Tobey Panel on AIDS

AIDS-TOPIC OF CABLE TV SHOW

AIDS...Do you known enough about the disease? Tobey Hospital's Bay 8 TV Cable Show on Tuesday, November 1st, at 7:30 p.m. will feature a panel of 4 local professionals who have completed special AIDS training -- Dr. John Howard, specialist in Internal Medicine; and Tobey

eye talk

Q. Can Halloween masks be a safety hazard?

A. Yes, they can. When eye holes are too small or the mask slips out of place, your child's view can be blocked.

Optometrists recommend using non-allergenic makeup instead of masks. Then your children will have a clear view of oncoming cars, steps, curbs and obstacles in their path. Parents should double as makeup artists to keep makeup and applicators out of the child's eyes.

Another Halloween safety trick is to decorate costumes with retro-reflective material on front, sides and back. Optometric studies show it is the only material safely visible to drivers at normal and even high speeds.

Also caution your children to walk on sidewalks or in yards; to look carefully before crossing a street; and to carry a battery-operated light to see and to be seen.

Plymouth Philharmonic BEGINS NEW SEASON

The Plymouth Philharmonic Orchestra opens its 73rd season of concerts on Saturday, October 29th, at 8 p.m. in Plymouth's Memorial Hall.

Rudolf Schlegel, Music Director of the Philharmonic, describes the 1988-89 concert series as one of "discovery and excitement". The season "presents a balance between familiar and less-known orchestral works, displays a variety of musical styles, and offers suitable works to show off our fine soloists and orchestra", Schlegel explains.

The October 29th opening night concert, sponsored in part by Rockland Trust Company sets the tone for the season with a program of brilliant works. Leonard Bernstein's bright, theatrical Overture to "Candide" opens the evening, followed by Beethoven's Second Piano Concerto. Soloist in the concerto is pianist Hung-Kuan

Cancer Society Jail-a-thon

SET FOR NOVEMBER 3, 4 and 5

The Fifth Annual Jail and Bail fundraiser of the American Cancer Society has been set for November 3rd, 4th and 5th at the North Dartmouth Mall.

Residents of the Greater New Bedford area can participate in this worthwhile event in several ways. They can pledge $25. to secure the surprise arrest of a friend, teacher or fellow employee. They can pledge a donation to someone who has already been informed of their pending 'arrest'. They can turn themselves in, and raise their own bail, or they can simply stop by the center stage area of the mall on those three days and support the volunteers who have made "Jail and Bail" the most successful major fundraiser of the year.

For further information on how you can pledge, have a friend 'jailed' or about the services provided by your local American Cancer Society Unit, call 996-6262.

PHYSICAL THERAPIST ASSISTANT CLASSES

Admissions interviews are now being scheduled for January applicants to Newbury College's evening Physical Therapist Assistant program. Those interested in applying are advised to call 996-3138 as soon as possible to arrange an appointment, as spaces in the program are limited. Classes begin on January 16th.

Now in its third year at the New Bedford Campus, the associate degree program is allied with the Physical Therapy Department at St. Luke's Hospital. The general education requirements of the program are taught at Newbury's New Bedford High School location, while the professional courses are conducted at St. Luke's by members of the Physical Therapy staff.

The evening program, designed for the convenience of adult students with daytime obligations, has been developed to meet the growing community need for trained assistants to work with the registered physical therapist in fields such as sports medicine, neurology, pediatrics, and geriatrics.

Newbury College, a two-year college, is accredited by the New England Association of Schools and Colleges, and offers over 30 programs of study in many locations throughout eastern Massachusetts.

The exhibit, "Formulation: Articulation" is drawn from a portfolio of 125 works originally published in 1972 in a signed, limited edition. Selected by Albers, the framed silkscreens represent his glass paintings, woodcuts, and linocuts.

Albers came to the United States from Germany where he had taught at the Bauhaus School with Klee, Kandinsky and Gropius. He taught at the Black Mountain School and later at Yale. "he is considered one of the seminal figures in the development of abstract art", Gallery Director Lasse Antonsen said.

The exhibition was made available by the Josef and Annie Albers Foundation and lent by the William Benton Museum of Art in Storrs, Connecticut.

Also running from October 31 - December 9 in the gallery atrium will be "Distant Views and Forgotten Dreams", the mixed media constructions of Jessica Ferguson. The artist will talk about her work in the gallery at 3 p.m. November 9th.

Glass Seminar

AT N.B. GLASS MUSEUM

A Thanksgiving Glass Seminar will be offered at The New Bedford Glass Museum, November 25 and 26.

"Understanding New Bedford Glass" will provide students with a thorough knowledge of New Bedford's glass industry from 1867 to 1956, as well as an introduction to the rudiments of glass connoisseurship: identification, quality, condition, and care. The emphasis will be on providing information for the collector of Mount Washington and Pairpoint glass.

The seminar will be taught by NBGM Director Janie Chester Young, a noted lecturer and author on New Bedford glass. Students will be invited to bring their own objects into class for identification and discussion.

The two-day event will begin Friday, November 25, with lectures from 10:30 a.m. to noon, and from 1:00 until 3:30. A private Museum tour and reception will conclude the day.

On Saturday, seminar participants will be taken on a conducted field trip of select antique dealers in Massachusetts, testing their connoisseurship.

Tuition for the seminar is $30. for Museum members and $35. for the general public, including lecturers, reception, and Saturday's transportation. The Museum can assist with accommodation arrangements.

Registration will be limited, and is payable in advance by mail or telephone order (Master Card or Visa holders only). Please contact The New Bedford Glass Museum, 50

Marching Band Competition

On Saturday evening, October 29th, Sargent Field in New Bedford will be filled with the sights and sounds of talented young musicians from throughout the state, and beyond. That's the night when seventeen of the finest marching bands in New England will be taking part in a competition being co-sponsored by the Case High School and New Bedford High School Marching Bands. The event is one of the largest being held this year outside of the NESBA Finals which are scheduled to be held the following weekend (November 6) at Nickerson Field in Boston. NESBA, the New England Scholastic Band Association, is made up of 30 bands which compete at weekly competitions held in eastern Massachusetts and New Hampshire in quest of marching band perfection.

There are four divisions in NESBA which are determined by the number of playing members in each band. The size of a band and its visual appeal may be enhanced by the addition of flag lines or colorguard; however, these are not considered when determining the division into which each band is placed. The New Bedford competition will include bands in each of the four categories. The groups will be using this "comp" as a final tune-up for the following weekend's big competition.

Each band's performance is evaluated by an expert panel of judges who award scores based on several phases of the show. Early in the season scores will range in the 50s to the 70s out of a perfect score of 100. As the weeks progress, so too do the bands. As they near their last competitions, the scores will be in the 80s and 90s. Since the Sargent Field Comp is the last before "finals", the bands should be at their peak performance levels.

Bands are given awards based on their scores. First, second, and third place trophies are presented in each division. In addition, awards are given for best drum major, best band front, (colorguard/flag line), best percussion, and high music score in each of the divisions. Medals are also awarded to all bands who score above certain established levels. A score of 55.0 to 69.9 earns a Bronze Medal and bands scoring 70.0 to 84.9 receive a Silver Medal. Finally, bands with scores of 85 or above get a coveted Gold Medal. Earning a "Gold" is the goal of each of the bands.

As anyone connected with a high school marching band knows, these student musicians devote countless hours preparing their performances. Their pride and commitment is certainly evident as they perform weekly in front of thousands of marching band fans.

Tickets for the October 29th show at Sargent Field will be available at the gate or from any of the competing bands. Admission will be $3.00 for adults and $2.00 for students. Gates will open at 4:30 with the

The Gingerbread Players & Jack have performed at the Zeiterion numerous times, most recently they presented "The Adventures of Pinocchio" this past summer. They are a professional children's theatre company dedicated to mounting shows that are as rich in content as they are lavish in costume and design.

"Beauty and the Beast" is the first of five children's shows in the Saturday Youth Theatre Festival. The other shows are "The Snow Queen" on November 19th, "Come Back, Amelia Bedelia and other Stories" on January 28th, "Dinosaur Days" with Slim Goodbody on March 4th, and Stromberg & Cooper on April 29th.
